## Hello Skippers and Mates...

### "Commodore's Greeting"

**J**uly was a busy month at SYC! The Pig Roast on July 5 was a tremendous success as always. Thanks to Daryl Schumacher and Dennis Voulopos who cooked the pig. Because of the threat of rain, the event was moved from Riverside to the pavilion and clubhouse areas and everything worked out well. All of us appreciate those who helped with this event.

Twenty juniors and over 25 volunteers attended the second of our two Junior Sailing Days on July 12! This program continues to grow and this year provided classroom and on the water sailing experience for a total of 35 junior sailors. Kathy Wild has coordinated this program for the past several years and we appreciate her efforts in the program.

The Commodore's Party on July 26 at Riverside was a great event! The Caribbean food and refreshments were enjoyed by the 135 people who attended. The band Tropical Soul was outstanding and provided great music to match the atmosphere of the party. A special thanks goes out to the more than 25 volunteers who helped decorate, set-up, clean up, and serve.

The success of all of our events depends on having volunteers to help. This is also a good way to get to know other club members. If you haven't gotten involved, call the contact person for the event and ask what you can do. Our Four of Diamonds day still needs power boaters who would like to host a family for the afternoon. If you would like to help, call Sylvia or Bill Larson.

In last month's Currents, I mentioned the Clean Boating Act of 2008 which is legislation that needed to be passed by September 30, 2008 to mitigate onerous regulations and permitting requirements for recreational boaters. On July 29, President Bush signed into law "The Clean Boating Act of 2008," which gives recreational boats a permanent exemption for the court imposed EPA discharge permit.

**IMPORTANT!** Please plan to attend the next monthly Board of Governor's meeting that will be held at the clubhouse at 7:00 PM on August 21, 2008. The major items for discussion are several large expenditure capital improvements that must be undertaken to maintain our facilities. Specific items include the retaining wall in the drysail area, the ramp at Riverside, and the docks.

These monthly meetings are always open to the club members. However, since these improvements will impact the entire membership and will be voted on at the meeting on September 18, we would like for you to attend both meetings and contribute your ideas and suggestions.

See you on the water!

*Penn Lemmonds, Commodore*

## **Social Events RSVP's - General Rule, section 1 #13**

Coordinating an event for the Susquehanna Yacht Club is very time consuming and a lot of advanced preparation is necessary in order for the event to be successful. Therefore, effective immediately by vote of the SYC Board; the following General Rule, Section 1 number 13 is effective:

*All RSVP dates will be set for 10 calendar days prior to each club event. The only exception to the ten days is if the caterer needs more than 10 days advanced notification of total attendance. RSVP's must be postmarked or hand delivered to the event sponsor by the due date, no phone call will be accepted. This rule must be followed by the club social director, all event sponsors, as well as all club members. No exceptions.*
